ST FRANCIS MARKET INFO AND WHAT YOU NEED TO KNOW

The St Francis Market was started by a group of ladies in March 2013 at 167 St Francis Drive, in St Francis Bay and has grown to what it is today. In January 2016 the running of St Francis Market was handed over to St Francis Tourism which offers more exposure and marketing opportunities.

The ethos remain **Home Made - Hand Made - Home Grown**, ensuring that as much produce as possible is originated by the vendor. We have an average of 55 stalls each with a unique offering.

- The Market is held every last Saturday of the month from 9am to 1pm.
- Extra markets are organised during school holidays, long weekends and over December.
- Each stall holder is responsible for their own table, chair and cover from rain & sun.
- On arrival please report to one of the Market Committee members to establish as to where you can set up, and pay your stall fee.
- Offload as quickly as possible and move your car off the property.
- Set up is from 7.15am; please arrive in time to move your vehicle away if needed.
- No vehicles will be allowed to enter the market grounds after 8am and all vehicles must be removed from the market grounds by 8.15am.
- The Market goes on despite the weather on the day....
- Packing up is from 1pm, no sooner. No vehicles allowed on market area before 13h15.
- Only products stated on the application form can be sold. If you want to add or change, please advise us in writing.
- Please always book your stall for the market; if no booking is done by the Thursday before the market we will then have the option to fill your space for that market. If you booked a stall and do not pitch, you will be liable for that market's fee.
- Only people who have applied and are approved by the committee will be given places.
- No smoking allowed on the market premises.
