ST FRANCIS MARKET INFO AND WHAT YOU NEED TO KNOW

The St Francis Market was started by a group of ladies in March 2013 at 167 St Francis Drive, in St Francis Bay and has grown to what it is today. In January 2016 the running of St Francis Market was handed over to St Francis Tourism which offers more exposure and marketing opportunities. The market is an authorised event by Kouga Municipality and adhere to the conditions of the Events Committee of Kouga Municipality.

The ethos remains **Home Made - Hand Made - Home Grown**, ensuring that as much produce as possible is originated by the vendor. We have an average of 60 stalls each with a unique offering.

- The Market is held every last Saturday of the month from 9am to 1pm.
- Extra markets are organised during school holidays, long weekends and over December.
- Each stall holder is responsible for their own table, chair and cover from rain & sun.
- On arrival please report to one of the Market Committee members to establish as to where you can set up and pay your stall fee.
- Offload as quickly as possible and move your car off the property.
- The Market goes on despite the weather on the day....
- Only people who have applied and are approved by the committee will be given a place, approval of a stall is at the discretion of the market committee.
